

CLASS DESCRIPTIONS

Strengthening communication with your pet is a lifelong process that requires consistent care and practice. Choose a training class that best fits your pet's needs to get started! Classes meet once a week.

PUPPY CLASS

6 wk long class, Ages 14-20 weeks, 45 min sessions

Form a strong, long-lasting bond with your new puppy by building on your communication skills. Through the Reward based Method, we begin the foundation for socialization of commands for name recognition, leash conditioning, sit, down, and crate training. You'll learn how to successfully ignore unwanted behaviors to develop desired behaviors. It is amazing how much your puppy wants to please you and your family! At the end of the session, you and your puppy will be able to test for the S.T.A.R program of the AKC.

BEGINNING OBEDIENCE

6 wk long class, Ages 5+ months, 60 min sessions

Learning general skills are important for your dog's development. In this class, you will learn how to effectively communicate with your dog & they will learn to start behaviors to a command. The skills that every dog should know are included in this class, such as name recognition, sit, down, wait, come place/climb, leave it & cooperative walking. You and your dog will participate in fun exercises that engages both mind and body. It's the beginning to a force free life between you and your dog!

INTERMEDIATE OBEDIENCE

6 wk long class, 60 min sessions

This class is a continuation of your Beginning Obedience experience. We sharpen the skills the dog already knows to improve duration, distance, and distractions. You will work with your dog on the skills of stay and come on a long line, leave it with highly desirable food items, and loose leash walking. This is a great class for any dog and handler team that wants to strengthen their existing skillset.

PRIVATE LESSONS

3 or 6 wk class, Ages 5+ months, 60 min sessions

These lessons are designed for dogs who respond best in a one-on-one training environment with mild distractions and personalized attention. You'll learn all the same communication skills, as well as loose leash walking, stay, come, and leave it. Get customized behavior training and advice specific to your dog's needs.
